

SUPPORT THE TWU!

Strike Solidarity Day

**Thursday,
December 22
4-6 pm**

**Assemble on both
sides of the
Brooklyn Bridge**

We stand in solidarity with the transit workers because we know that this strike represents us too.

For too long the corporate bankers and the government officials that go along with them have been robbing poor and working people.

Join us **Thursday** to stand with the brave working people of the TWU who have stood up to the corrupt MTA and the billionaire Bloomberg. **Bring signs, placards, noise makers, and let's show the TWU that the people of New York are behind them.**
